 Institute of Engineering and Technology

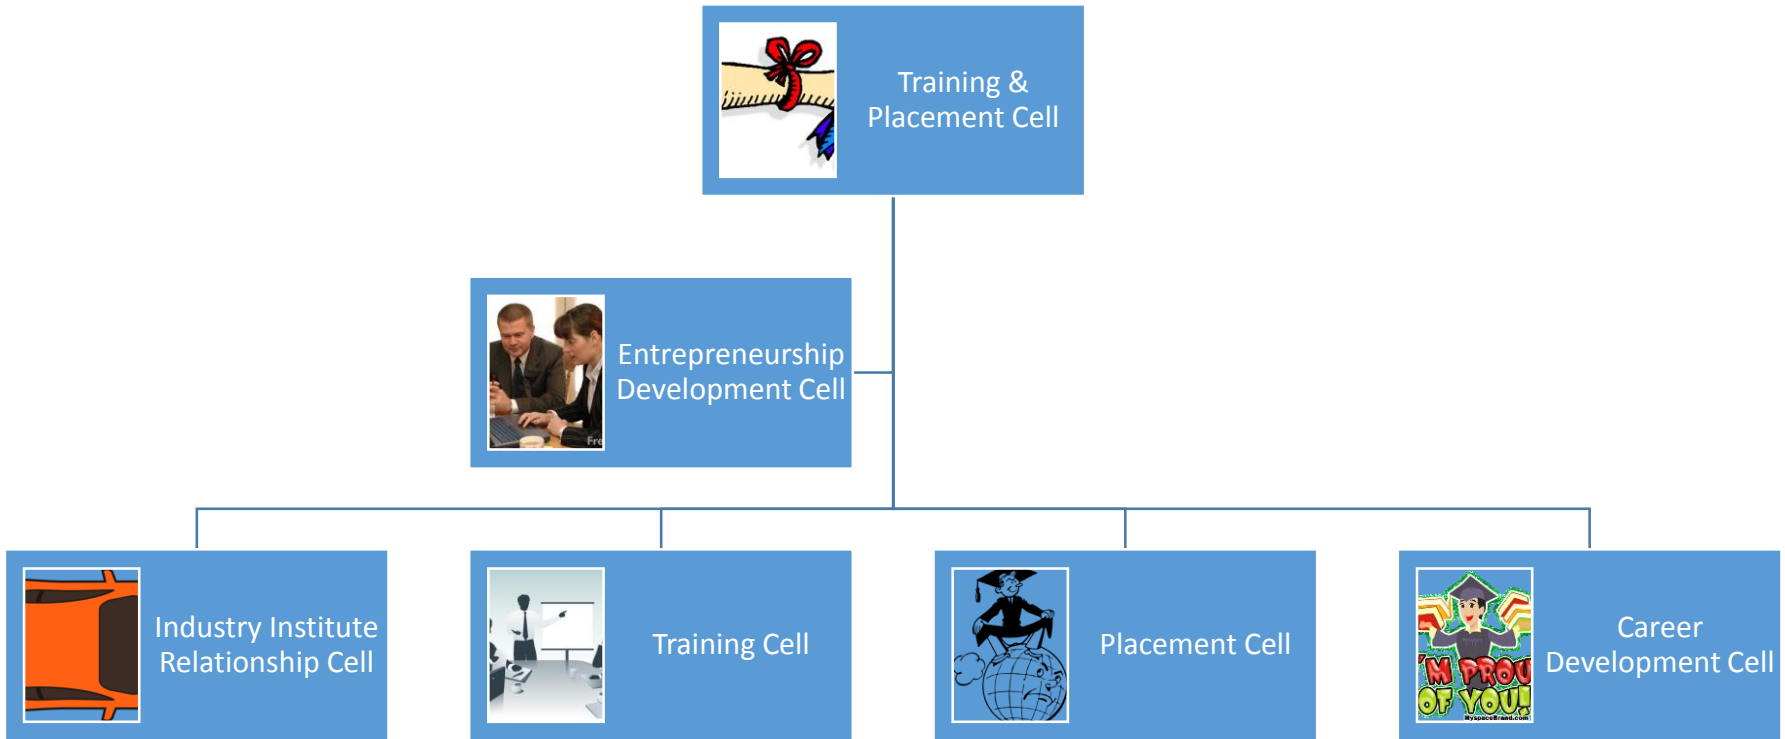

Training and Placement

Training Activity:

- Apart from improving the core competency skills, regular classes are held for the students to improve their fluency with a focus on grammar and vocabulary in order to help them meet the corporate needs.
- A training team consisting of 7 faculty members conducts the In- house training programs
- Special training classes for Verbal ability , Aptitude and soft skills (in house training as well as out sourcing).
- Awareness programmes on higher education and career opportunities.

College Infrastructure for Training & Placement activities

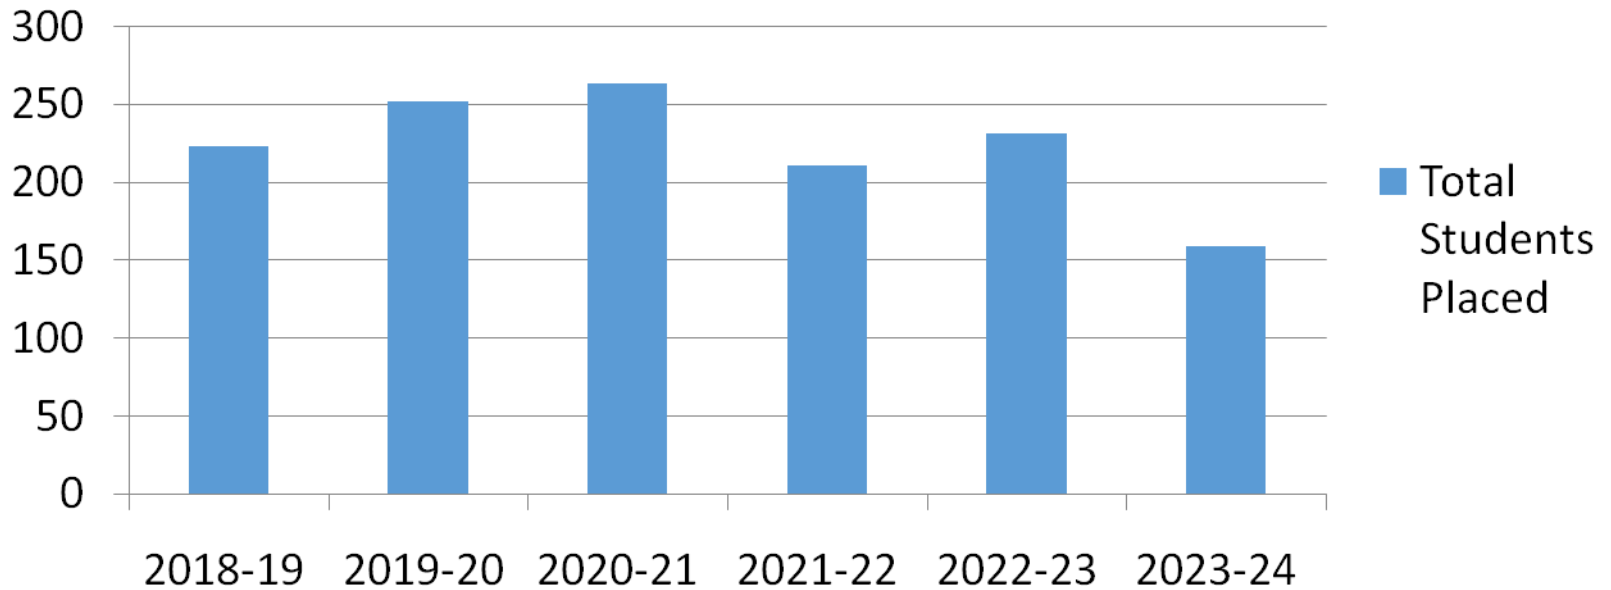

- One big Auditorium (130)
- One small seminar hall (60)
- 400+ computer readily available for online test
- More Than 25 classroom available for paper based test
- One Group discussion room

Placement Record

Batch	Total Students Placed	Percentage

Internship & Industry project

Almost all enrolled students are given college internship request letters and encouraged to do internship in summer vacation after exam

Benefits of doing internship / Industry project :

- Industry experience can build confidence of students.
- Students can learn corporate culture.
- Students can check which job profile suit them for final job.
- They can create their professional network of people which may help them in finding job after BE
- Same company may consider them for final job

Placement awareness lecture (SE ,TE & BE)

Lectures are conducted for all classes SE to BE

Content : 1) Career options after BE

2) Why placement option opted

3) Placement Procedures

4) %Criteria/written test/ GD/Interview

5) Previous placements analysis

6) Things need to be ready before placement

7) Formal Dress

8) Question–Answer session

Career Guidance

Career Counseling : Counseling to all engineering students for

- MMS/ MBA (India/abroad)
- MS/ ME/ M.Tech /Careers in Research
- MPSC/ UPSC/ Careers in Defence

Providing information on various Scholarships

Providing information about Bank-Education loan

Special counseling to the students who are not getting placements

Enjoy the Hackathon

A purple rectangular tag with a hole on the left side is the central focus. The words "Thank you!" are written on it in a black, cursive font. The tag is placed on a light-colored wooden surface with a visible grain. Three white daisies with yellow centers are scattered around: one in the foreground to the right of the tag, and two in the background, one slightly to the left and one to the right. A thin, light-colored string is looped around the tag and extends across the top left of the frame.

Thank
you!
